

Calculate better numbers

Mindig ugyanazon az oldalon

Collaborative spreadsheet editing eliminates iterations and reduces the need for constant emailing back and forth, saving time and boosting productivity. All users have access to the same document at the same time so there is less confusion about which document is the latest. In addition, collaborative working and problem solving improves creativity, makes for better overall results and does away with long approval cycles.

Intact work and safe at all times

OX Spreadsheet is a cloud-based application supporting seamless mobile office workflows. Its responsive design scales the viewing format to fit the screen size – whether it's a desktop PC or a smartphone – making for a tailored user experience. Changes are auto-saved ensuring work remains intact and safe at all times.

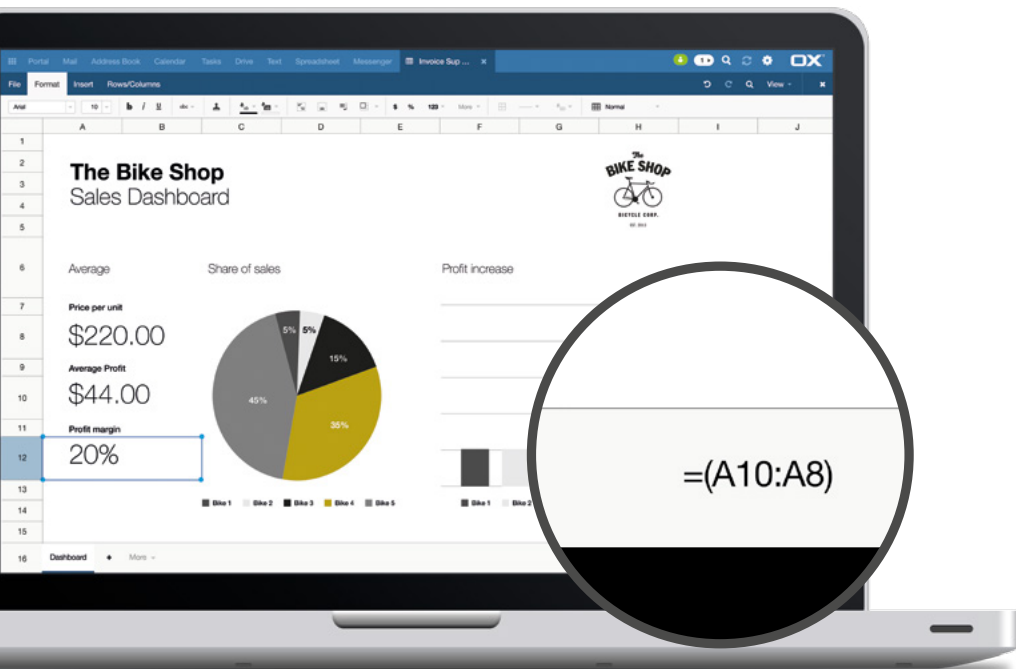

A compelling offering for hosters

OX Spreadsheet is not just an attractive option for users. It also offers benefits for hosters. It's straightforward, intuitive design makes for a better experience creating, saving and sharing spreadsheets. OX Spreadsheet is one more reason for users to stay within a service provider's ecosystem, further advancing a powerful customer engagement strategy and better loyalty.

OX Spreadsheet offers:

OX Spreadsheet offers a host of leading-edge features that make day-to-day spreadsheet editing smooth and simple:

- Lossless round-trip editing for MS Excel (2007 and later)
